#### THE FRANK CASE,

The Journal has heretofore refrained from any comment on the case of Leo M. Frank, for the reason that it seemed that not only Frank, but the state of Georgia was on trial, and the names involved were too vitally important to warrant a newspaper verdict on ex parte evidence,

The decision of the supreme court of the United States, handed down yesterday, was not so much an adjudication of the guilt of Frank as it was an acquittal of the state of Georgia. It does not take into considera-TUESDAY ...... APRIL 28, 1915 tion the question of whether there - has ben a miscarriage of justice be fore the Georgia courts, but it does decide that every constitutional right. was accorded Frank and whether guilty or innocent, his conviction Was reprimind from a democrat for even in conformity with due process of

The injection of the question of most unfortunate aspects of this sensational case, and has no doubt to a large extent, obscured its merits. It would be futile to deny that there exulation of Georgia a prejudice against and men are holding their own po- and Gentiles, just as a similar prejulitical organizations to strict account dice exists between Catholics and We do not know and cannot know Protestants, Prejudice is a human until the facts are brought out in frailty that no amount of education court or by congressional investiga- will ever entirely eradicate, and retion where the blame lies, but in no ligious prejudice is the most insidious previous administration can we recall and at the same time the most bitany instance of such sensational ter of all forms of prejudice. To what charges of the personal abuse of of extent projudice against the Jews may

Now that the matter has reached from the beginning Frank has been the courts, surely neither side will defended by the ablest counsel that they store away seeds that will serve the serve they store away seeds that will serve the serve they store away seeds that will serve the serve that they store away seeds that will serve the serve they store away seeds that will serve the serve that they store away seeds that will serve the serve the serve that the serve that they store away seeds that will serve the serve that they store away seeds that will serve the serve that they store away seeds that will serve the serve the serve that they store away seeds that will serve the serve the serve that they store away seeds that will serve the serve the serve the serve that the ser the courts, surely neither side will rest until the case is presented with absolute completeness of evidence. The whole situation is grave in the extreme.

If now the beginning Frank has been defended by the ablest counsel that money could produce. In the state course that money could produce. In the state course his case was in the hands of men who were and are leaders of the extreme.

one-half pound of bread a day-th not be enough for a working man. They have discovered, however, that half a pound of bread is more than they supposed. In some cities—Frank-turn-am-Main, for example—the bread is almost white, the proportion of po tato flour required to be used in a particular district depending some-

A few days ago Pastor Wolff, a Lutherm elergyman of Aachen, preached a sermon on the food situation. It is being erconated in pamphlet form and in it one finds the railying cryten muss and will den stadt helfen. The women, he said, could not go to war, but they could help by economising. The children could not go to war, but they could help by eating their afternoon sennitchen of bread and cheese without butter.

"It may not taste quite as nice at first," said the pastor, 'hat it will be just as nourishing. Always stop to think that for one pound of butter caten aix litres of milk were used. Think of the habies, who must have milk, and of the invalids, who ought to have it and then you will be become. to have it, and then you will be happy in the thought that you are helping the state, which is your fellow men." Such is the truth about the much discussed bread situation in Germany -no want, but increasing and patient taking of precautions.

Spring in the Air.

episodes in the thousand years of this

a n s history.
A few hundred feet away from the municipal theater where the perform-ance was given, stands the theater where Charlemagne was buried at the close of the epical life of which he had made this town the center.

Today litle boys are going about the streets of Auchen, making house to house collections of newspapers and magazines with pushcarts lettered, Newspapers for the soldiers in the

Dentists devote all of their Sundays to going to the hospitals and treating the teeth of wounded soldiers and

The trade of the town has suffered, owing to the absence of the usual throng of victors who come from England France and Belgiom to drink the sulphur waters, but affairs here by no means desperate. The shop windows are full of Easter confection-ery and noveities and in the windows of the lines drapers shops are dis-plays of white veils and gowns and wreaths for the confirmation of the

The prices of some things besides food show a sharp increase, Paper of bars Sunny Monday is dearer. Is trade bad?" I asked is dearer. Is trade bad?" I asked the beaming girl at the shop. "Paper costs more," she said, "but trade is not bad. Mankind must always have paper," and she nodded sagety. "But, she cried, "rubber bands! O, ensive" and that is true, for duren of them cost me 1 1-4 cents

The empire is bulging with money, Of the hugely oversubscribed loan of \$2,250,000,000 which the government has just made, one savings bank and its depositors in this town of 150,000 population took \$1,000,000 worth. Private individuals are constantly coming forward with contributions to special war funds. Councillor Talbot a physician, and Hugo Knops, a manufacturer, have just launched with a contribution of 6,000 marks the organization of a fund to reward the operators of German automarines This, they said, was their reply to England's putting a price on heads of these men.
